Petroleum Equipment Suppliers Association

Representing
the Oilfield Service,
Supply and Manufacturing
Sector Since 1933.

A large-scale photograph of an oilfield rig under a clear blue sky. In the upper right, two workers in white hard hats and dark jackets stand on a yellow metal structure, looking at a set of plans. In the lower left, three workers in red and blue uniforms and white hard hats are gathered around a large, circular metal component, with one kneeling and pointing at it. In the foreground, a large coil of yellow and black heavy-duty hose is visible. The rig's complex yellow metal framework, including ladders and pipes, dominates the middle ground.
