

EUROPEAN NEPHROLOGY

MEDIA PACK

Supporting physicians,
clinicians and related healthcare
professionals in continuously
developing their knowledge,
effectiveness and productivity

Overview

European Nephrology is a peer-reviewed annual journal comprising review articles, case reports, practice guides, theoretical discussions and original research. It features balanced and comprehensive articles written by leading authorities addressing the most important and salient developments in the nephrology field.

European Nephrology endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.

Editorial Expertise

European Nephrology is supported by various levels of expertise:

- Guidance from an Editorial Board consisting of leading authorities from a variety of nephrology disciplines.
- Invited contributors are recognised authorities from their respective fields.
- Peer review conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.
