

### Touch Briefings' Healthcare Journals – Feedback from the Front

Touch Briefings' portfolio of healthcare journals aims to support best practice and ensure time-pressured physicians stay abreast of key advances and opinion in their respective fields. The editorial policy of each journal is carefully crafted to best assist clinicians, physicians and related healthcare professionals in continuously developing their knowledge, effectiveness and, ultimately achieve better levels of patient care.

But don't just take our word for it –

#### IN CARDIOLOGY

"[*US Cardiology*] looks great. High quality articles, accessible, and very good content scope."

*Marjorie King, Assistance Professor of Medicine, Columbia University*

"I received *European Cardiology* and I read it with close attention. The articles are ideal for time-pressured readers. This journal should continue in this direction."

*Cesare Rusconi, University of Brescia*

"The issue was excellent! As always, such high quality."

*Sverre E Kjeldsen, University Hospital Oslo*

"Very high quality articles. I think *European Cardiology* continues to do a great job for cardiologists throughout Europe."

*Jose Luis Zamorano, University Complutense, Madrid*

"The current issue [of *European Cardiology*] is very good...I am happy to be a part of this again."

*Jose L Zamorano Gomez, Past President, European Association of Echocardiography*

"I just received my copy of the latest edition [of *European Cardiology*] and it looks outstanding - informative, topical, and very high quality."

*Angelo Auricchio, Fondazione Cardiocentro Ticino*

"I received my copy [of *US Cardiology*] and was again impressed with the quality. Excellent work!"

*Jack Lewin, American College of Cardiology*

"My colleagues and I continue to appreciate the high quality of the papers [in *European Cardiology*]."

*Cesare Rusconi, University of Brescia*

"I would like to congratulate you on a great publication [*European Cardiology*]. Many of the articles are of great interest to me, and I will certainly contribute again in the future."

*Dimitri P Mikhailidis, Academic Head, Department of Clinical Biochemistry, Royal Free Hospital, University of London*

"The issue [of *The American Heart Hospital Journal*] is great. I particularly enjoyed the editorials. Very provocative."

*Gregory S Thomas, Clinical Professor & Director of Nuclear Cardiology Education, University of California, Irvine; Past President, American Society of Nuclear Cardiology*

"I got my copy of the current issue [of *The AHHJ*] – great work."

*Samuel Wann, Department of Cardiovascular Medicine, Wisconsin Heart Hospital*

"*The AHHJ* looks better than ever. Congratulations on its content and design."

*David Spodick, Department of Cardiology, St Vincent Hospital, Worcester*

"I believe the latest edition of *The AHHJ* is fantastic – its finest hour. [Touch Briefings] is to be congratulated."

*Sylvan Weinberg, Editor in Chief, The American Heart Hospital Journal*

"My colleagues and I are very impressed [with *The AHHJ*]. Good coverage and discussion of intriguing clinical cases."

*Alex Fisher, Associate Professor, Geriatric Medicine, The Canberra Hospital and Australian National University*

#### **IN ENDOCRINOLOGY**

"The content, layout, figures and general presentation [of *European Endocrinology*] was of the highest standard. I do not have any suggestions to improve the publication. Simply excellent."

*Professor Solomon Tesfaye, Consultant Physician & Honorary Professor of Diabetic Medicine, University of Sheffield & Royal Hallamshire Hospital*

"I just wanted to give *US Endocrinology* a big thumbs up! I loved it."

*Donna Rice, Past President, American Association of Diabetes Educators*

"Congratulations on an excellent edition of *European Endocrinology*! The content is superb and very well displayed too."

*Solomon Tesfaye, Consultant Physician/Honorary Professor of Diabetic Medicine, University of Sheffield, Royal Hallamshire Hospital*

"The lay out [of *European Endocrinology*] is excellent and content interesting."

*Pierre Lefèbvre, Emeritus (active) Professor of Medicine, University of Liège*

"I wish to congratulate you on *European* and *US Endocrinology*. The standard of the articles and the obvious voice of experience comes through. Many of the notables in the various fields have authored these succinct and highly relevant state of the art reviews. It is a pleasure reading them. Well done and congratulations."

*Martin Silink, Professor of Paediatric Endocrinology, University of Sydney and The Children's Hospital at Westmead*

"Thanks for the volumes [of *European Endocrinology*]. It looks really nice!"

*Chantal Mathieu, Professor of Medicine, Catholic University Leuven, and Head of Endocrinology, University Hospital Gasthuisberg*

"I received the copies [of *European Endocrinology*] and they look good. Overall the appearance is excellent."

*Graham R Williams, Professor of Endocrinology, Molecular Endocrinology Group, Imperial College London*

"I received my copies of the US and European editions of the *Endocrinology*. I thought that the layout was very professional and the entire edition very informative - well done."

*Bradley Trivax, Department of Obstetrics and Gynecology, Cedars-Sinai Medical Center and The David Geffen School of Medicine, University of California at Los Angeles*

"The issue [of *European Endocrinology*] looks very good and covers a number of interesting topics."

*David Savage, Reader, Queen's University Belfast and Visiting Associate Professor, University College Dublin*

"I have nothing but praise [for *US Endocrinology*] – well done! Let me know how I can help for the next issue."

*Virginia Zamudio, Alamo Diabetes Team, LLP Past President, American Association of Diabetes Educators*

"I received my issue of [*US Endocrinology*]. It looks great! I liked the variety of topics that were offered and thought the writing was excellent. I thought the articles offered a lot of good, practical information to clinical endocrinologists. Keep up the good work!"

*Sydney Westphal, Endocrinologist, Mayo Clinic*

"I confess that I loved the issue of [*US Endocrinology*] and donated it to our Sansum Diabetes Research Institute Library. Thus I am glad that you also attached the link so I could refresh my memory on content of the issue. The cover picture is great. In fact it is so beautiful I thought about scanning it into a slide for my future talks. Therefore the only feedback I can give you is positive. Congratulations on a job well done!"

*Lois Jovanovic, MD, CEO & Chief Scientific Officer, Sansum Diabetes Research Institute*

#### **IN GASTROENTEROLOGY**

"I believe [*European Gastroenterology & Hepatology Review*] is excellent. The articles are very informative and the layout is easy to read."

*Ehab Akkary, Director of Minimally Invasive and Bariatric Surgery, West Virginia University School of Medicine*

## Touch Briefings' Testimonials

### IN HAEMATOLOGY

"Thank you for sending a copy of *US Hematology*. The articles are very informative, and I believe that both the content and the presentation and graphics will be appealing."

*Guy A Zimmerman, Professor of Internal Medicine, Associate Chair, Department of Medicine, University of Utah School of Medicine*

"Thank you for sending me *US Hematology* containing my article. The latest volume is very nicely presented and the articles informative. Congratulations on a fine piece of work."

*David Green, Emeritus Professor of Medicine, Member, Hematology/Oncology Division, Department of Medicine, Feinberg School of Medicine, Northwestern University*

"I just received the copy [of *US Hematology*] in the mail – it looks great!"

*Erin R King, Department of Obstetrics and Gynecology, University of Virginia*

### IN INFECTIOUS DISEASES

"Thank you for *US Infectious Disease*. A beautiful issue."

*Joseph F John, Jr, Associate Chief of Staff for Education, Ralph H Johnson Medical Center, Clinical Professor of Medicine, Microbiology and Immunology, Medical University of South Carolina*

"*European Infectious Disease* is an impressively produced journal which is attractive to the eye and the topics will be of great interest to a general readership in microbiology and infectious diseases."

*Hilary Humphreys, Professor of Clinical Microbiology, Department of Clinical Microbiology, Beaumont Hospital, Dublin*

"[*European Infectious Disease*] looks great. Please send more copies."

*Jürgen Rockstroh, Oberarzt an der Medizinischen Universitätsklinik, Bonn-Venusberg*

### IN MUSCULOSKELETAL

"I received *US Musculoskeletal Review* that you sent me – it looks great!"

*Ralf Thiele, Immunology & Rheumatology Division, University of Rochester*

"Overall, [*European Musculoskeletal Review*] is very well designed and pleasant to read. I found a lot of interesting things in this issue!"

*Maria Luisa Bianchi, Bone Metabolism Unit, Istituto Auxologico Italiano IRCCS, Milan, Italy*

"I have only positive feedback on [*European Musculoskeletal Review*]. It looks smart and is easily readable/navigable throughout. I particularly enjoyed the osteoarthritis imaging articles and shall look to the journal in future for further useful reviews on the latest in musculoskeletal practice."

*Tom Turmezei, Specialist Registrar, Radiology, Nottingham University Hospitals*

"We have received a copy of your publication, *European Musculoskeletal Review*. Congratulations! The articles are very interesting. My colleagues and I are very interested in contributing to the next edition."

*Alberto Gobbi, Director, Orthopaedic Arthroscopy Surgery International, Milan*

"The article we published [in *European Musculoskeletal Review*] was very well received by the readers - I have received much excellent feedback. My compliments on an excellent publication! Of course, I am certainly available to write again for future editions."

*Maurizio Cutolo, Professor of Rheumatology and Director of Research Laboratories, University of Genova*

### IN NEUROLOGY

"*US Neurology* is a lovely production. I especially like the design and appearance of it as this makes its content very accessible and efficient."

*Arthur W Toga, Professor of Neurology, Laboratory of Neuro Imaging, UCLA School of Medicine*

"I received the printed copy [of *US Neurology*] and as always it looks great. The articles are written at a high level and are well illustrated and referenced."

*Michael Schulder, Professor and Vice Chairman, Department of Neurosurgery, Hofstra University School of Medicine in partnership with North Shore LIJ, North Shore University Hospital*

### **IN OBSTETRICS & GYNAECOLOGY**

"Thank you very much for the excellent editorial review."

*Leonardo Micheletti, Associate Professor, Department of Gynaecology and Obstetrics and Chief, Outpatient Clinic for Disease of the Lower Female Genital Tract, University of Turin*

"[US Obstetrics & Gynecology] looks very good, very well done."

*Robert Resnik, Professor Emeritus of Reproductive Medicine, University of California San Diego School of Medicine*

"The article looks great...thank you very much!"

*Amanda Nickles Fader, Section of Gynecologic Oncology, Kelly Gynecologic Oncology Service, John Hopkins Medical Center*

"I just received a copy of US Obstetrics & Gynecology and I am extremely impressed with the quality of the journal."

*Masood Khatamee, Professor, New York University School of Medicine and Executive Director, Fertility Research Foundation*

### **IN OPHTHALMOLOGY**

"The journal is of high quality and very reader-friendly. The articles are well structured and interesting. The design and quality of the illustrations overall are excellent."

*Matthias C Grieshaber, Consultant, Glaucoma Service, Department of Ophthalmology, University Hospital of Basel*

"The format is very nice, clean, colourful and modern. The spread of articles is good, and a manageable size for browsing. A useful addition to the field for busy clinicians; it has substance and weight."

*Keith Martin, Head, Glaucoma Research Laboratory, Centre for Brain Repair, University of Cambridge*

"[May I] congratulate you for your excellent work! The last few issues of *European Ophthalmic Review* have been excellent. Selection of the articles, scientific contents and layout meet highest standards of publication."

*Uwe Pleyer, Department of Ophthalmology, Charite Campus Virchow, Humboldt University of Berlin*

### **IN PSYCHIATRY**

"I would also like to thank you for sending me a copy [of *European Psychiatric Review*]. The issue looks great!"

*Catherine van Zelst, Department of Psychiatry and Neuropsychology, Maastricht University*

### **IN RADIOLOGY**

"The Editorial Board and your author slate is impressive. This issue is very nice...and the content is very good."

*Stephanie Wilson, Assistant Professor of Radiology, University of Toronto*

"I received the complimentary copy of *US Radiology*, for which I thank you. It is extremely well done, and I thoroughly enjoyed reading the issue. I compliment you for producing a truly excellent journal, and I look forward to receiving future issues."

*Leonard Berlin, Radiology Chairman, Rush North Shore Medical Center, Professor of Radiology, Rush Medical College, Chicago*

"*US Radiology* is absolutely beautiful! I love the layout, the color, the pictures. I thought it was very comprehensive, very easy to read - not your typical journal. It's a real standout. I really love it and I think you've done a tremendous job. Congratulations!"

*Edward J Damrose, Assistant Professor, Chief, Division of Laryngology, Department of Otolaryngology, Head and Neck Surgery, Stanford University Medical Center*

"Great looking journal! Very impressive."

*Michael K Atalay, Director, Cardiac Magnetic Resonance Imaging and Computed Tomography, Rhode Island Hospital, Assistant Professor, Brown Medical School*

### **IN RESPIRATORY**

"The publication looks stunning and crisp. Excellent job!"

*David Henke, Associate Professor, Division of Pulmonary and Critical Care Medicine, University of North Carolina at Chapel Hill*

## Touch Briefings' Testimonials

---

"*US Respiratory Disease* is a great publication and I have treasured all the editions thus far."

*Sat Sharma, Professor and Head, Division of Pulmonary Medicine, Department of Internal Medicine, University of Manitoba*

### **IN UROLOGY**

"Thank you for sending me the published version of *European Urological Review*. I am pleased with the finished publication. I highly appreciate yours and your team's professional work."

*Yigal Gat, Head of Andrology and Interventional Radiology, Maayanei Hayeshua Medical Centre*

"Thanks for the copies [of *European Urological Review*]. It was a great pleasure... I look forward to our continued collaboration."

*Christopher Chapple, Consultant Urological Surgeon, Royal Hallamshire Hospital and Visiting Professor of Urology, Sheffield Hallam University*
